

Haiti Reforestation Summit

October 6 & 7, 2018

Regent University Virginia Beach, VA

Bringing together businesses, local and international NGOs, academia, government officials, professionals, experts, diaspora members and other interested individuals to strategically analyze and develop an effective and coordinated reforestation plan for Haiti. The Summit will take place on October 6 & 7, 2018 at **Regent University** in Virginia Beach, VA.

We envision a multi-stakeholder exchange spanning Keynote Speeches, Panel Discussions, Round Tables and Break Out Groups to deliver a scalable strategy and measurable long-term Reforestation & Agroforestry Action Plan. **Short-term objectives include the organization of a follow-up Summit in Haiti in 2019 and the immediate planting of 10,000 trees !**
